Intended use: Protective clothing according to EN ISO 11612, EN ISO 11611 and EN 1149-5

Results of

EU type-examination:

Certificate Report No. V 0209/18-0345/19 of 9 May 2019
Supervising report of the 5th monitoring of 17 April 2024

The EU type-examination certificate was renewed in accordance with PPE-Regulation (EU) 2016/425, Appendix V, point 7.6 in the simplified review procedure without tests referred to point 7.5 were allowed to be carried out. This Certificate applies in consideration of the special notes in the Certificate Report the suitability of welders protective clothing „Weld Shield“ with essential requirements of document Regulation (EU) 2016/425, annex II. In combination of jacket with trousers or bib and brace trousers the protective clothing is suitable for using as protective clothing against heat and flame according to EN ISO 11612:2015, code A1, B1, C1, E3, F1, and as welders protective clothing according to EN ISO 11611: 2015, class 1 - A1 and possesses by proper earthing the electrostatic dissipative behaviour according to EN 1149-5:2018 in connection with EN 1149-3:2004.

This Certificate is valid - in dependence on the validity of the test and certification regulations until 8 May 2029. It shall be used only in combination with a product surveillance (Module C2 or Module D). A renewal of the validity is possible on application. The validity of the existing monitoring contract will be prolonged accordingly by further 5 years. This renewal document consists of 1 page
