

FINISHING WITH DIVERSITY

PLANAM INDIVIDUAL

PERSONALISATION IN THE BLINK OF AN EYE

Workwear is advertising space for your logo and acts like a business card for your company. Personalisation ensures a recognisable and positive company image. Our finishing service brings your message to a wider audience in an individual, professional and fast manner.

PLANAM Individual specialises in personalising your workwear. From reflective appliqués to transfer prints and embroidery, we offer multiple personalisation options of the highest quality. Whether you need small quantities for handicraft businesses or large runs for industrial companies – our team of experts are on hand to provide you with personal advice and detailed information about the optimal finishing types for our products. This also applies to finishing options where the processes are specially adapted to certification. Also possible: We can also customise silver reflective patch emblems, such as in the shape of your company logo. The results are unmissable and stylish at the same time.

Important note: Applying additional reflective stripes does not mean that the garments are considered to be high-visibility clothing.

Customised service

From sewing on additional pockets and knee pockets to tailoring garments to size – our team are happy to meet any individual request you may have. Changes to conform to standards can also often be made after consultation.

Reflective tape

For even better visibility we sew on or patch on reflective tape for you – customisable to suit your requirements.

Bright transfer prints

Whether you need a patch on the back, dungaree pocket, sleeves or trouser legs, we ensure that your logo looks brilliant.

Printed patches

If a printable patch is sufficient, we can "personalise" your clothing. Whether you require your company logo or text, our reproducible transfer prints stand out thanks to their high quality and typography, and they can also be washed and ironed. The choice of colours is just as varied as the design options.

Fully personalised

The personalisation of employee clothing has many advantages: it creates trust amongst customers, encourages employee loyalty and stops employees from mixing up their clothing. Whether you require a transfer print, embroidered emblem or direct embroidery, we can provide a finish featuring your employees' names on our products. Also possible: Embroidered patches with Velcro which ensure flexible use on a range of items of clothing.

Embroidered emblems

Based on your design, we will embroider your individual emblem and then sew it on.

The finish - signed and sealed (PPE)

Finishing options are specially tailored to the PPE type examination certificate

Direct embroidery

Direct embroidery
You provide your individual template or a pre-existing embroidery design and we will prepare a custom quote for you.

FINISHING WITH DIVERSITY

The individual personalisation of workwear must leave scope for different designs. Therefore, we provide you with numerous finishing options that meet your requirements.

Our range of high-quality personalisation options is large and ranges from direct embroidery with high-quality polyester yarn to washable transfer prints, which can also be ironed. We also provide a great finish for your company logo as well as your valued employees' names in a respectful manner, all to ensure your perfect company image.
